BWell to SFF S Nov 11 2016 9 47 40 AM

I found out last night that someone had nominated me for the Scott Studamore National Leadership award I was selected by IMBA as the SW Regions award winner one of 9 regional winners announced last night at the IMBA summit he award comes with a \$1000 unrestricted grant to SFF S

I'd like to thank everyone in the club for all the work they do for the club mountain biking trails and our community I'm lucky to be president of such a productive club whose hard work and accomplishments were reflected by my nomination and award I'd like to think that IBMA saw all the things we do as a club and defaulted the award to the president rather than one of the other outstanding volunteers we have in the club Peter Prince Henry Lanman Manny Maes Jim Rogers and others have spent over 100 hours (each) on trail work this year for the FS City County and Commonwealth (GBP) Pat has led the members working with the BLM on new trail proposals in the Nambe area Peter and I have lead efforts to protect our cherished trails from Wilderness designation and Michael Courtney Shelley and Patti have been tireless ride organizers In addition there are all the people that have turned out for work days or shown up commented and provided input regarding the Forest Plan Revision here are so many other things both large and small that other members have done to make our club so productive My apologies if I didn't call you out by name

We also have a lot of members that never show up at club events but have shown their support by joining IMBA/SFF S and helped us to grow our membership bank account and strengthened our voice when we advocate with other groups and government agencies their support of the club is greatly appreciated even if we haven't seen them at a club ride meeting or workday YE!

thanks again to EVERYONE!!

Brent
